Large Volume Transportation Service

AVAILABILITY

This rate shall be available to any "Off-System End-Users" (Customer) whose annual requirements for natural gas are anticipated to be greater than 500,000 Therms; who has executed a Transportation Services Agreement; and who will take delivery of such natural gas in OVGC's Service Area. See Appendix E (Sheet No. 13).

APPLICABILITY

This rate provides a means whereby OVGC, within the physical limitations of its existing distribution systems can, under specific contract (OVGC's Transportation Services Agreement), provide a service for the transportation of Customerowned natural gas to Customers who will accept delivery of such natural gas in OVGC's Service Area. See Appendix E (Sheet No. 13). Service provided hereunder shall be metered and billed separately from service provided under any other OVGC rate.

"OFF-SYSTEM END-USER" DEFINED

As used in this rate an "Off-System End-User" is a Customer for whom OVGC has no contractual obligation to provide natural gas from its OVGC system supply and for whose natural gas needs and requirements OVGC is not contractually committed to pay interstate pipeline charges of any kind (e.g., demand, capacity, reservation, commodity, etc.).

ELIGIBILITY

A Customer whose need for service is consistent with the availability paragraph of this rate, and who meets the eligibility requirements set forth below, shall be eligible to receive service under this rate. Service hereunder is intended for any Customer which, after arranging for a supply of natural gas from or through a third party, desires OVGC to provide transportation of said natural gas between two mutually agreeable points on an existing OVGC gas distribution system, and who:

- a. Has met all applicable regulatory requirements and has the means (including but not limited to third party arrangements) for delivering natural gas (of specified quality, quantity, pressure, etc.) to the agreed upon OVGC receipt point(s).
- b. Has the means (including but not limited to third party arrangements) for receiving and accepting said natural gas at the agreed upon OVGC delivery point(s).
- c. Has entered into a Transportation Services Agreement with OVGC for an initial period of not less than one (1) year. After the one (1) year period the agreement can be terminated by either party after providing ninety (90) days' notice to the other party. Such agreement may contain other provisions relating to said service which are not inconsistent herewith. Written notification to OVGC of Customer's intent to change from a sales rate to this rate and execution of the Agreement with OVGC is required no later than sixty (60) days prior to the first calendar day of the first calendar month for which service under this rate is to begin. OVGC reserves the right to waive the sixty (60) day requirement.

- d. Has provided OVGC with sufficient documentation and other information to permit prior verification and acceptance of the means and arrangements cited in "a." and "b." above. This documentation will include both transportation arrangements and source of natural gas supply. OVGC may require reasonable assurances from the Customer that the natural gas supply will physically flow to OVGC's receipt point on a timely and uninterrupted basis.
- e. Agrees to provide OVGC with written Daily Nominations in a format acceptable to OVGC. All Daily Nominations are due in OVGC's gas supply department by the 25th day of each calendar month for the upcoming month's quantities (in Therms) and shall be detailed by calendar day. All written changes to the Daily Nominations, when received in OVGC's gas supply department by 12:00 p.m. Eastern time on a scheduled OVGC workday, will become effective the next twenty-four (24) hour purchase gas day, or such later twenty-four (24) hour purchase gas day as specified by the Customer. If not otherwise indicated, all written changes to a customer's Daily Nominations shall be applicable to the remaining calendar days of the applicable month. Only written Daily Nominations properly received by the OVGC gas supply department will be recognized when determining daily balancing, etc. For the purpose of this rate, electronic (e-mail) or facsimile transmissions to OVGC's gas supply department will be deemed a written notice. Only allocated volumes shown on the applicable interstate pipeline's Electronic Bulletin Board will be recognized when billing any end-user and determining applicable Daily Balancing and Cashout of Monthly Imbalance charges.
- f. Agrees that it is the responsibility of the Customer and its agent to ensure that the correct quantities of natural gas are properly nominated to the applicable receipt and delivery points utilized by OVGC. OVGC assumes no responsibility or liability for the accuracy of nominations by Customers receiving service under this rate.
- g. Pays all existing arrearages for utility services prior to entering into a Transportation Service Agreement with OVGC.

CURTAILMENT

OVGC will have the right to curtail or discontinue acceptance, transportation, or redelivery of natural gas under this rate when:

- a. After notification by OVGC to not exceed its Daily Nomination, Customer exceeds its Daily Nomination;
- b. The interstate pipeline's Electronic Bulletin Board (EBB) reports Customer's supply quantity is less than as nominated to OVGC;
- c. Accident, breakage, or other causes of disruption of natural gas delivery into the interstate pipeline system occur which preclude the delivery of Customer's natural gas supply to OVGC; or,
- d. Accident, breakage, or other causes of disruption of natural gas delivery to Customer on OVGC's distribution system is beyond OVGC's control.

OVGC will attempt to verify the EBB information with the interstate pipeline prior to invoking a curtailment at Customer's meter. OVGC's usage of EBB information shall be deemed reasonable by the parties hereto, and OVGC will not be liable for the accuracy of the information obtained from the EBB. Company will attempt to provide a minimum one (1) hour notice, either verbal, or written, of its intent to curtail or discontinue acceptance, transportation, or redelivery of natural gas.

RECONNECTION CHARGE

A Reconnection Charge of \$80 will be made to cover the cost of discontinuance and reestablishment of service for the same Customer at the same service address. When service is reactive less than twelve (12) months after it was disconnected the Customer will pay an amount equal to the applicable monthly minimum charge times the months service was discontinued, the reconnection charge and any deposits required prior to service being restored. If the disconnection period exceeds one (1) year, OVG may waive the reconnection fee, provided that disconnection was not for violation of OVG Rules and Regulations.

UNAUTHORIZED USE CHARGE

If Customer fails to completely curtail its use of natural gas within one (1) hour of OVGC's verbal or written notice, Customer shall be billed and agrees to pay a penalty of \$3.00 per therm for all gas consumed during the curtailment period. Said penalty shall be in addition to all other applicable charges, including, but not limited to any interstate pipeline penalties.

OVGC shall have the right, without obligation, to waive the penalty for any unauthorized use if OVGC's other Customers or its pipeline operations were not adversely affected by such use.

OVERRUN SERVICE AND DAILY BALANCING CHARGES

a. Unauthorized Overrun

- (1) If Customer has been informed by OVGC to stay within their Daily Nomination (plus allowable tolerance), and then uses a quantity of natural gas which is greater than their Daily Nomination (plus allowable tolerance) without prior written or verbal approval of OVGC, the excess shall constitute an Unauthorized Overrun and the Customer shall pay OVGC a penalty of \$3.00 per Therm for all natural gas used in excess of the Daily Nomination (plus allowable tolerance) for the applicable twenty-four (24) hour purchase gas day. The penalty shall be in addition to all other applicable charges.
- The payment of a penalty for unauthorized overrun shall not, under any circumstances, be considered as giving the Customer the right to take unauthorized overruns. Further, such payment shall not be considered a substitute for any other remedies available to OVGC or any of OVGC's other customers for failure to respect their obligation to adhere to the provisions of the Transportation Services Agreement.
- OVGC shall have the right, without obligation, to waive the penalty for any unauthorized overrun provided OVGC's other customers or its pipeline operations were not adversely affected.
- (4) OVGC shall waive any penalty for an unauthorized overrun when such overrun occurred under circumstances beyond the control of the Customer due to emergency conditions on OVGC's facilities; or when such overrun is due to accident or breakage of pipelines, machinery, or equipment of the Customer. However, the Customer shall promptly take such action, as may be necessary and practical, to repair or remedy the situation and furnish OVGC with satisfactory evidence that such accident or breakage was not due to negligence.

b. Authorized Overrun

- (1) Each twenty-four (24) hour purchase gas day, OVGC allows Customer an allowable tolerance on their Daily Nomination, without additional charge.
- (2) If the difference between Customer's actual take for a twenty-four (24) hour purchase gas day, and their Daily Nomination as on file with the OVGC gas supply department for the applicable twenty-four (24) hour purchase gas day, is not within the allowable tolerance, those quantities beyond the allowable tolerance will be subject to a Daily Balancing Charge.

c. Allowable Tolerance

The allowable tolerance per each twenty-four (24) hour purchase gas day, shall be ten (10) percent of the applicable Daily Nomination on file with OVGC.

d. Daily Balancing Charge

Quantities of natural gas used that are not within the allowable tolerance of Customer's Daily Nomination, shall be subject to a Daily Balancing Charge of \$0.025 per Therm. The Daily Balancing Charge will apply to quantities both above and below the allowable tolerance. The Daily Balancing Charge shall be determined on a daily basis and there will be no netting of individual daily balancing charges.

CASHOUT OF MONTHLY IMBALANCE

Customer shall be subject to net aggregate monthly imbalance cash out. At the end of each billing month, OVGC will determine the imbalance by comparing the net receipts at OVGC's city gate station from the applicable interstate pipeline to actual deliveries through OVGC's meter(s) located at Customer's location. The net aggregate imbalance percentage for each Customer will be determined by dividing the actual net imbalance by the net quantity delivered to the Customer during the billing cycle month.

If Customer has a net aggregate monthly imbalance such that the total quantity of gas received by OVGC during the billing month is LESS than the total quantity of gas delivered by OVGC to the Customer, OVGC shall bill the Customer for the net aggregate monthly imbalance according to the following table:

Net Aggregate	Percentage of OVGC's
Monthly Imbalance	Highest City Gate Station
Percentage	Price for the Month
0% - 5%	100%
6% - 10%	110%
11% - 15%	120%
16% - 20%	130%
21% & up	140%

If Customer has a net aggregate monthly imbalance such that the total quantity of gas received by OVGC during the month is GREATER than the total quantity of gas delivered by OVGC to the Customer, OVGC shall credit the Customer for the net aggregate monthly imbalance according to the following table:

Net Aggregate	Percentage of OVGC's
Monthly Imbalance	Lowest City Gate Station
Percentage	Price for the Month
0% - 5%	100%
6% - 10%	90%
11% - 15%	80%
16% - 20%	70%
21% & up	60%

If the credit is greater than the total monthly billing, it shall be applied to subsequent billing cycles until such time as the entire credit has been appropriately applied. OVGC will not refund any monies to the Customer unless the credit exceeds the expected combined billings for the next two billing cycles.

TWENTY-FOUR (24) HOUR PURCHASE GAS DAY

A Late Payment Charge, of ten (10) percent on the first \$3.00 or less, and three (3) percent on all amounts over \$3.00, will be made on all bills not paid on or before the due date of the bill. Any payments received by OVGC after the due date will be subject to the Late Payment Charge.

COLLECTION CHARGE

A Collection Charge of \$30.00 will be made should it become necessary to send an employee or other agent to the Customer's premises to collect a past due account.

RECONNECTION CHARGE

A Reconnection Charge of \$80 will be made to cover the cost of discontinuance and reestablishment of service for the same Customer at the same service address. When service is reactive less than twelve (12) months after it was disconnected the Customer will pay an amount equal to the applicable monthly minimum charge times the months service was discontinued, the reconnection charge and any deposits required prior to service being restored. If the disconnection period exceeds one (1) year, OVG may waive the reconnection fee, provided that disconnection was not for violation of OVG Rules and Regulations.

UNAUTHORIZED USE CHARGE

If Customer fails to completely curtail its use of natural gas within one (1) hour of OVGC's verbal or written notice, Customer shall be billed and agrees to pay a penalty of \$3.00 per therm for all gas consumed during the curtailment period. Said penalty shall be in addition to all other applicable charges, including, but not limited to any interstate pipeline penalties.

OVGC shall have the right, without obligation, to waive the penalty for any unauthorized use if OVGC's other Customers or its pipeline operations were not adversely affected by such use.

OVERRUN SERVICE AND DAILY BALANCING CHARGES

a. Unauthorized Overrun

- (1) If Customer has been informed by OVGC to stay within their Daily Nomination (plus allowable tolerance), and then uses a quantity of natural gas which is greater than their Daily Nomination (plus allowable tolerance) without prior written or verbal approval of OVGC, the excess shall constitute an Unauthorized Overrun and the Customer shall pay OVGC a penalty of \$3.00 per Therm for all natural gas used in excess of the Daily Nomination (plus allowable tolerance) for the applicable twenty-four (24) hour purchase gas day. The penalty shall be in addition to all other applicable charges.
- The payment of a penalty for unauthorized overrun shall not, under any circumstances, be considered as giving the Customer the right to take unauthorized overruns. Further, such payment shall not be considered a substitute for any other remedies available to OVGC or any of OVGC's other customers for failure to respect their obligation to adhere to the provisions of the Transportation Services Agreement.
- OVGC shall have the right, without obligation, to waive the penalty for any unauthorized overrun provided OVGC's other customers or its pipeline operations were not adversely affected.
- (4) OVGC shall waive any penalty for an unauthorized overrun when such overrun occurred under circumstances beyond the control of the Customer due to emergency conditions on OVGC's facilities; or when such overrun is due to accident or breakage of pipelines, machinery, or equipment of the Customer. However, the Customer shall promptly take such action, as may be necessary and practical, to repair or remedy the situation and furnish OVGC with satisfactory evidence that such accident or breakage was not due to negligence.

b. Authorized Overrun

- (1) Each twenty-four (24) hour purchase gas day, OVGC allows Customer an allowable tolerance on their Daily Nomination, without additional charge.
- If the difference between Customer's actual take for a twenty-four (24) hour purchase gas day, and their Daily Nomination as on file with the OVGC gas supply department for the applicable twenty-four (24) hour purchase gas day, is not within the allowable tolerance, those quantities beyond the allowable tolerance will be subject to a Daily Balancing Charge.

c. Allowable Tolerance

The allowable tolerance per each twenty-four (24) hour purchase gas day shall be ten (10) percent of the applicable Daily Nomination on file with OVGC.

d. Daily Balancing Charge

Quantities of natural gas used that are not within the allowable tolerance of Customer's Daily Nomination, shall be subject to a Daily Balancing Charge of \$0.025 per Therm. The Daily Balancing Charge will apply to quantities both above and below the allowable tolerance. The Daily Balancing Charge shall be determined on a daily basis and there will be no netting of individual daily balancing charges.

CASHOUT OF MONTHLY IMBALANCE

Customer shall be subject to net aggregate monthly imbalance cashout. At the end of each billing month, OVGC will determine the imbalance by comparing the net receipts at OVGC's city gate station from the applicable interstate pipeline to actual deliveries through OVGC's meter(s) located at Customer's location. The net aggregate imbalance percentage for each Customer will be determined by dividing the actual net imbalance by the net quantity delivered to the Customer during the billing cycle month.

If Customer has a net aggregate monthly imbalance such that the total quantity of gas received by OVGC during the billing month is LESS than the total quantity of gas delivered by OVGC to the Customer, OVGC shall bill the Customer for the net aggregate monthly imbalance according to the following table:

Net Aggregate	Percentage of OVGC's
Monthly Imbalance	Highest City Gate Station
Percentage	Price for the Month
0% - 5%	100%
6% - 10%	110%
11% - 15%	120%
16% - 20%	130%
21% & up	140%

If Customer has a net aggregate monthly imbalance such that the total quantity of gas received by OVGC during the month is GREATER than the total quantity of gas delivered by OVGC to the Customer, OVGC shall credit the Customer for the net aggregate monthly imbalance according to the following table:

Net Aggregate	Percentage of OVGC's
Monthly Imbalance	Lowest City Gate Station
Percentage	Price for the Month
0% - 5%	100%
6% - 10%	90%
11% - 15%	80%
16% - 20%	70%
21% & up	60%

If the credit is greater than the total monthly billing, it shall be applied to subsequent billing cycles until such time as the entire credit has been appropriately applied. OVGC will not refund any monies to the Customer unless the credit exceeds the expected combined billings for the next two billing cycles.

TWENTY-FOUR (24) HOUR PURCHASE GAS DAY

For the purpose of this rate, the twenty-four (24) hour purchase gas day is that continuous twenty-four (24) hour period commencing at 9:00 a.m. Central Clock Time and continuing to 9:00 a.m. Central Clock Time the next day.

RATE NO. T18
RATE NO. T48
RATE NO. T98
Public Schools Transportation Service

AVAILABILITY

This rate shall be available throughout the Service Area subject to the availability of adequate facilities, which determination shall be within OVGC's reasonable discretion. See Appendix E (Sheet No. 13).

APPLICABILITY

This rate provides a means whereby OVGC, within the physical limitations of its existing distribution systems can, under specific contract (OVGC's Transportation Services Agreement), provide a service for the transportation of "Off-System" end-user owned natural gas. This rate shall be applicable to any public educational institution serving students in grades K through 12 that elects service hereunder.

A Customer is further defined for this rate to be a single public-school corporation, or multiple public-school corporations, that elect(s) to purchase gas supply and pipeline capacity for one or more of its school facilities from a supplier other than OVGC and meets all requirements of this rate. Each school facility served under this rate will have annual requirements for natural gas of less than 100,000 therms. A school facility is further defined as being any single structure owned by and utilized by the Customer to serve students as defined in the above paragraph.

OVGC will contract directly with the Customer for all transportation services under this rate. No separate pooling services agreement will be transacted with the Customer's supplier and/or gas marketer.

Any school facility of the Customer already on another OVGC transportation rate and continuing to qualify for same may remain on such rate after this rate becomes effective.

"OFF-SYSTEM END-USER" DEFINED

As used in this rate an "Off-System" Customer is a customer for whom OVGC has no contractual obligation to provide natural gas from its system supply and for whose natural gas needs and requirements OVGC is not contractually committed to pay interstate pipeline charges of any kind (e.g., demand, capacity, reservation, commodity, etc.).

ELIGIBILITY

Any Customer who meets the requirements of the applicability paragraph is eligible for service under this rate, and who:

a. Has met all applicable regulatory requirements and has the means (including but not limited to third party arrangements) for delivering said gas (of specified quality, quantity, pressure, etc.) to the agreed upon OVGC receipt point.

- b. Has the means (including but not limited to third party arrangements) for receiving and accepting said gas at the agreed upon OVGC delivery point. Has entered into a Transportation Service Agreement with OVGC for an initial period of not less than one (1) year. After the one (1) year period the agreement can be terminated by either party after providing ninety (90) days' notice to the other party. This Agreement may contain other provisions relating to said service which are not inconsistent herewith. Written notification to OVGC of Customer's intent to change from a sales rate to this rate and execution of the Agreement with OVGC is required no later than sixty (60) days prior to the first calendar day of the first calendar month for which service under this rate is to begin. OVGC reserves the right to waive the sixty (60) day requirement.
- c. Has provided OVGC with sufficient documentation and other information to permit prior verification and approval of the means and arrangements cited in "a." and "b." above. This documentation will include both transportation arrangements and source of natural gas supply. OVGC may require reasonable assurances from the Customer that the natural gas supply will physically flow to OVGC's receipt point on a timely and non-interrupted basis.
- d. Agrees to provide OVGC with written Daily Nominations in a format acceptable to OVGC. All Daily Nominations are due in OVGC's gas supply department by the 25th day of each calendar month for the upcoming month's quantities in Therms and shall be detailed by calendar day. All written changes to the Daily Nominations, when received in OVGC's gas supply department by 12:00 p.m. on a scheduled OVGC working day, will become effective the next twenty-four (24) hour purchase gas day, or such later twenty-four (24) hour purchase gas day specified by the customer. All written changes to the Daily Nominations shall be reflected for the remaining calendar days of the applicable month. Only written Daily Nominations properly received by the OVGC gas supply department will be recognized when determining daily balancing, etc. For the purpose of this rate, facsimile transmissions or emails to OVGC's gas supply department will be deemed a written notice. Only allocated volumes shown on the applicable interstate pipeline's Electronic Bulletin Board will be recognized when billing and determining the Daily Balancing Charge and Cashout of Monthly Imbalance.
- e. Agrees it is the responsibility of the Customer and its agent to ensure that the correct quantities of natural gas are properly nominated to the applicable receipt and delivery points utilized by OVGC. OVGC assumes no responsibility or liability for the accuracy of nominations. Nomination quantity is defined as the Customer's (a single or multiple public school corporations) supply requirements for the total of its school facilities for each Customer Group (each school corporation of the Customer) being served under this rate per OVGC's designated receipt point.
- f. Pays all existing arrearages for utility services prior to entering into a Transportation Service Agreement with OVGC.

CURTAILMENT

OVGC will have the right to curtail or discontinue acceptance, transportation or redelivery of natural gas under this rate when:

- a. After notification by OVGC to not exceed its Daily Nomination, Customer exceeds its Daily Nomination;
- b. The interstate pipeline's Electronic Bulletin Board (EBB) reports Customer's supply quantity is less than as nominated to OVGC;
- c. Accident, breakage or other causes of disruption of natural gas delivery into the interstate pipeline system occur which preclude the delivery of Customer's natural gas supply to OVGC; or,
- d. Accident, breakage or other causes of disruption of natural gas delivery to Customer on OVGC's distribution system is beyond OVGC's control.

OVGC will attempt to verify the EBB information with the interstate pipeline prior to invoking a curtailment at Customer's meter. OVGC's usage of EBB information shall be deemed reasonable by the parties hereto, and OVGC will not be liable for the accuracy of the information obtained from the EBB. OVGC will attempt to provide a minimum one (1) hour notice, either verbal, or written, of its intent to curtail or discontinue acceptance, transportation, or redelivery of natural gas.

Any natural gas that flows into OVGC's city gate station for Customer shall be redelivered to Customer. Gas usage by Customer during a curtailment period in excess of the quantity allowed shall be considered Unauthorized Use and shall be subject to the Unauthorized Use Charge.

CUSTOMER BILLING

Each school facility of the Customer electing this rate will be metered and levied a monthly Facilities Charge for each meter in service. Each meter and its metered volume will be listed on Customer's bill. Metered volumes of Customer will be aggregated on Customer's bill by OVGC receipt point for the purposes of calculating the Daily Balancing Charge and the Cash-Out of Monthly Imbalance. Where applicable, metered volumes will be grouped on Customer's bill by Customer Group (each school corporation) for purposes of calculating the Daily Balancing Charge and the Cash-Out of Monthly Imbalance, and further grouped by Meter Group for the appropriate application of charges per this rate.

Metered volumes of multiple meters will not be aggregated on Customer's bill to avoid monthly Facilities Charges. Metered volumes of school facilities will not be aggregated to meet minimum volume requirements for application of OVGC's other transportation tariffs.

OVERRUN SERVICE AND DAILY BALANCING CHARGES

a. Unauthorized Overrun

- (1) If Customer has been informed by OVGC to stay within their Daily Nomination (plus allowable tolerance), and then uses a quantity of natural gas which is greater than their Daily Nomination (plus allowable tolerance) without prior written or verbal approval of OVGC, the excess shall constitute an Unauthorized Overrun and the Customer shall pay OVGC a penalty of \$3.00 per Therm for all natural gas used in excess of the Daily Nomination (plus allowable tolerance) for the applicable twenty-four (24) hour purchase gas day. Further, such payment shall not be considered a substitute for any other remedies available to OVGC or any of OVGC's other customers for failure to respect their obligation to adhere to the provisions of the Transportation Services Agreement.

b. Authorized Overrun

- (1) Each twenty-four (24) hour purchase gas day, OVGC allows Customer an allowable tolerance on their Daily Nomination, without additional charge.
- If the difference between Customer's actual take for a twenty-four (24) hour purchase gas day, and their Daily Nomination as on file with the OVGC gas supply department for the applicable twenty-four (24) hour purchase gas day, is not within the allowable tolerance, those quantities beyond the allowable tolerance will be subject to a Daily Balancing Charge.

c. Allowable Tolerance

The allowable tolerance per each twenty-four (24) hour purchase gas day, shall be ten (10) percent of the applicable Daily Nomination on file with OVGC.

The Daily Balancing Charge shall be determined on a daily basis and there will be no netting of individual daily balancing charges.

CASHOUT OF MONTHLY IMBALANCE

Customer shall be subject to net aggregate monthly imbalance cashout. At the end of each billing month, OVGC will determine the imbalance by comparing the net receipts at OVGC's city gate station from the applicable interstate pipeline to actual deliveries through Customer's meter aggregated by OVGC receipt point or, if applicable, by each Customer Group of Customer. The net aggregate imbalance percentage for each Customer Group of Customer will be determined by dividing the actual net imbalance by the net quantity delivered to the Customer during the billing cycle month.

If Customer has a net aggregate monthly imbalance such that the total quantity of gas received by OVGC during the billing month is LESS than the total quantity of gas delivered by OVGC to the Customer, OVGC shall bill the Customer for the net aggregate monthly imbalance according to the following table:

0% - 5%	100%
6% - 10%	90%
11% - 15%	80%
16% - 20%	70%
21% & up	60%

If the credit is greater than the total monthly billing, it shall be applied to subsequent billing cycles until such time as the entire credit has been appropriately applied. - d. Accident, breakage, or other causes of disruption of natural gas delivery to Customer on OVGC's distribution system is beyond OVGC's control.

OVGC will attempt to verify the EBB information with the interstate pipeline prior to invoking a curtailment at Customer's meter. OVGC's usage of EBB information shall be deemed reasonable by the parties hereto, and OVGC will not be liable for the accuracy of the information obtained from the EBB. Company will attempt to provide a minimum one (1) hour notice, either verbal, or written, of its intent to curtail or discontinue acceptance, transportation, or redelivery of natural gas.

RECONNECTION CHARGE

A Reconnection Charge of \$80 will be made to cover the cost of discontinuance and reestablishment of service for the same Customer at the same service address. When service is reactive less than twelve (12) months after it was disconnected the Customer will pay an amount equal to the applicable monthly minimum charge times the months service was discontinued, the reconnection charge and any deposits required prior to service being restored. If the disconnection period exceeds one (1) year, OVG may waive the reconnection fee, provided that disconnection was not for violation of OVG Rules and Regulations.

The penalty shall be in addition to all other applicable charges.
- The payment of a penalty for unauthorized overrun shall not, under any circumstances, be considered as giving the Customer the right to take unauthorized overruns. Further, such payment shall not be considered a substitute for any other remedies available to OVGC or any of OVGC's other customers for failure to respect their obligation to adhere to the provisions of the Transportation Services Agreement.
- OVGC shall have the right, without obligation, to waive the penalty for any unauthorized overrun provided OVGC's other customers or its pipeline operations were not adversely affected.
- (4) OVGC shall waive any penalty for an unauthorized overrun when such overrun occurred under circumstances beyond the control of the Customer due to emergency conditions on OVGC's facilities; or when such overrun is due to accident or breakage of pipelines, machinery, or equipment of the Customer. However, the Customer shall promptly take such action, as may be necessary and practical, to repair or remedy the situation and furnish OVGC with satisfactory evidence that such accident or breakage was not due to negligence.

b. Authorized Overrun

- (1) Each twenty-four (24) hour purchase gas day, OVGC allows Customer an allowable tolerance on their Daily Nomination, without additional charge.
- If the difference between Customer's actual take for a twenty-four (24) hour purchase gas day, and their Daily Nomination as on file with the OVGC gas supply department for the applicable twenty-four (24) hour purchase gas day, is not within the allowable tolerance, those quantities beyond the allowable tolerance will be subject to a Daily Balancing Charge.

c. Allowable Tolerance

The allowable tolerance per each twenty-four (24) hour purchase gas day, shall be ten (10) percent of the applicable Daily Nomination on file with OVGC.

d. Daily Balancing Charge

Quantities of natural gas used that are not within the allowable tolerance of Customer's Daily Nomination, shall be subject to a Daily Balancing Charge of \$0.025 per Therm. The Daily Balancing Charge will apply to quantities both above and below the allowable tolerance. The Daily Balancing Charge shall be determined on a daily basis and there will be no netting of individual daily balancing charges.

CASHOUT OF MONTHLY IMBALANCE

Customer shall be subject to net aggregate monthly imbalance cash out. At the end of each billing month, OVGC will determine the imbalance by comparing the net receipts at OVGC's city gate station from the applicable interstate pipeline to actual deliveries through OVGC's meter(s) located at Customer's location. The net aggregate imbalance percentage for each Customer will be determined by dividing the actual net imbalance by the net quantity delivered to the Customer during the billing cycle month.

If Customer has a net aggregate monthly imbalance such that the total quantity of gas received by OVGC during the billing month is LESS than the total quantity of gas delivered by OVGC to the Customer, OVGC shall bill the Customer for the net aggregate monthly imbalance according to the following table:

Net Aggregate	Percentage of OVGC's
Monthly Imbalance	Average City Gate Station
Percentage	Price for the Month
> 0% not > 2-1/2%	100%
> 2-1/2% not > 5%	110%
> 5% not > 7-1/2%	120%
> 7-1/2% not > 10%	130%
. 10% not > 12-1/2%	140%
> 12-1/2%	150%

If Customer has a net aggregate monthly imbalance such that the total quantity of gas received by OVGC during the month is GREATER than the total quantity of gas redelivered by OVGC to the Customer, OVGC shall credit the Customer for the net aggregate monthly imbalance according to the following table:

Net Aggregate	Percentage of OVGC's
Monthly Imbalance	Lowest City Gate Station
Percentage	Price for the Month
> 0% not > 2-1/2%	100%
> 2-1/2% not > 5%	90%
> 5% not > 7-1/2%	80%
> 7-1/2% not > 10%	70%
> 10% not > 12-1/2%	60%
> 12-1/2%	50%

If the credit is greater than the total monthly billing, it shall be applied to subsequent billing cycles until such time as the entire credit has been appropriately applied. OVGC will not refund any monies to the Customer unless the credit exceeds the expected combined billings for the next two billing cycles.

TWENTY-FOUR (24) HOUR PURCHASE GAS DAY

For the purpose of this rate the twenty-four (24) hour purchase gas day is that continuous twenty-four (24) hour period commencing at 9:00 a.m. Central Clock Time and continuing to 9:00 a.m. Central Clock Time the next day.

RULES AND REGULATIONS

Transportation service hereunder shall, where applicable, be subject to OVGC's <u>General Rules and Regulations</u> <u>Applicable to Gas Service</u>, to the orders of the Indiana Utility Regulatory Commission, and to the <u>Rules</u>, <u>Regulations and Standards of Service for Gas Public Utilities in Indiana</u> as prescribed by the Indiana Utility Regulatory Commission.

APPENDIX B GAS COST ADJUSTMENT FACTOR FOR PURCHASED GAS

The Gas Cost Adjustment (GCA) Factor is a rate tracking factor, representing the cost of purchased gas, in accordance with the order of the Indiana Utility Regulatory Commission, approved May 14,1986, in Cause No. 37091, as follows:

RATE NO.

APPLICABLE GCA FACTOR

See "Gas Rates" on the OVGC.COM website under "Information – Rates & Regulatory Information "Gas Rates" are updated monthly.

APPENDIX C NORMAL TEMPERATURE ADJUSTMENT

The billed amount for each Rate S11, Rate S41 and Rate S91 (Firm Small Volume Gas Service) and each Rate T18, Rate T48 and Rate T98 (Public Schools Transportation Service) Customer shall be subject to a Normal Temperature Adjustment (NTA) for each bill rendered during the seven month period of November through May inclusive.

The NTA adjusts each Customer's monthly billed amount to reverse the impact on margin recovery caused by non-normal temperatures during the billing period, as measured by actual heating degree day variations from normal heating degree days.

NTA COMPUTATION

The NTA for each Customer's monthly billing shall be computed as follows:

NTA = NTA Therms x NTA Margin

NTA THERMS

The NTA Therms usage for each Customer to which the NTA Margin shall be applied is computed as follows:

NTA Therms = [Actual Usage - Base Load Usage] x [Normal Degree Days - Actual Degree Days]

Actual Degree Days

NTA MARGIN

The NTA Margin shall be the Distribution Charge for the applicable rate.

BASE LOAD THERMS (USAGE)

Base Load Usage shall be each Customer's average daily therms billed for the previous summer months (months of July and August) multiplied by the number of days in the billing period.

For Customers whose Base Load Usage cannot be accurately determined (e.g., new Customers without two applicable months of summer usage history), an estimated Base Load Usage shall be used.

NORMAL AND ACTUAL DEGREE DAYS

Normal Degree Days for each Customer's billing period shall be as set forth in the tables on the following pages.

Actual Degree Days for each Customer's billing period shall be taken from the actual heating degree days reported each day by the National Weather Service at either Indianapolis, Indiana (for those customers located in OVGC's Portland, Winchester, Union City, Sullivan, and Connersville districts), or Evansville, Indiana (for those customers located in OVGC's Tell City district).
