

APPENDIX C NORMAL TEMPERATURE ADJUSTMENT

The billed amount for each Rate S11, Rate S41 and Rate S91 (Firm Small Volume Gas Service) and each Rate T18, Rate T48 and Rate T98 (Public Schools Transportation Service) Customer shall be subject to a Normal Temperature Adjustment (NTA) for each bill rendered during the seven month period of November through May inclusive.

The NTA adjusts each Customer's monthly billed amount to reverse the impact on margin recovery caused by non-normal temperatures during the billing period, as measured by actual heating degree day variations from normal heating degree days.

NTA COMPUTATION

The NTA for each Customer's monthly billing shall be computed as follows:

$$\text{NTA} = \text{NTA Therms} \times \text{NTA Margin}$$

NTA THERMS

The NTA Therms usage for each Customer to which the NTA Margin shall be applied is computed as follows:

$$\text{NTA Therms} = \frac{[\text{Actual Usage} - \text{Base Load Usage}] \times [\text{Normal Degree Days} - \text{Actual Degree Days}]}{\text{Actual Degree Days}}$$

NTA MARGIN

The NTA Margin shall be the Distribution Charge for the applicable rate.

BASE LOAD THERMS (USAGE)

Base Load Usage shall be each Customer's average daily therms billed for the previous summer months (months of July and August) multiplied by the number of days in the billing period.

For Customers whose Base Load Usage cannot be accurately determined (e.g., new Customers without two applicable months of summer usage history), an estimated Base Load Usage shall be used.

NORMAL AND ACTUAL DEGREE DAYS

Normal Degree Days for each Customer's billing period shall be as set forth in the tables on the following pages.

Actual Degree Days for each Customer's billing period shall be taken from the actual heating degree days reported each day by the National Weather Service at either Indianapolis, Indiana (for those customers located in OVGC's Portland, Winchester, Union City, Sullivan, and Connersville districts), or Evansville, Indiana (for those customers located in OVGC's Tell City district).
